

Air/Fumes

A-VENT STRETCH ALU

Properties

- flexible and extendable aluminium flues
- suitable for multiple domestic, civil, and industrial uses
- supplied compact and retracted making it easy to transport and install offering the possibility of extension up to three times its length
- on request it can be packed in a carton
- available in 3 colors: natural, white and brown
- maximum air velocity to avoid disturbing noises:
 - civil uses: da 0,5 a 5 m/s
 - industrial uses: da 0,5 a 8 m/s

Applications

- connection to main vent outlets on cooker hoods
- venting systems in hospitals, offices, commercial areas, greenhouses and tunnels
- fumes and dust (compatible with aluminium) extraction in workshops, textile industry, shoe factories and printers

Construction

- aluminum tube with a thickness, depending on the diameter, from 0,12 to 0,21 mm

Code - A8T18....

Base Material - ALUMINUM

Operating Temperature - up to +250 °C

Pressure - n.a.

Vacuum - n.a.

Diameter Range - 18 ÷ 500 mm

Key Feature - Fireproof
